**To:** Development Plan  
**Subject:** Development Plan Review

Hands Across the Corrib has always sought to contribute positively to the various plans developed by Galway City Council. Our fundamental vision of how Galway should develop has not changed and we are glad to note that developments such as improved commuter rail links, Gluas light rail, Park & Ride facilities and improved bus corridors are finding their way into the general public consciousness and into the City plans.

However, the transportation plans continue to see these as peripheral to the solution to Galway's chronic traffic problems and continue to doggedly cling to the notion that building more roads is the solution.

Hands Across the Corrib would like to be in a position to make a more meaningful contribution to the review of the City Development Plan, but at this time our energies are concentrated on the Judicial Review of An Bord Pleanala's decision with respect to the Galway City Outer Bypass.

Accordingly we request that you extend the time available for submissions, so that we can make a more comprehensive submission.

Yours,  
Hands Across the Corrib Ltd

Dirs: Donal Honan; Mary Francis O'Conghaile
